

Spitalfields Crypt Trust putting lives back together since 1965

“Blessed be the LORD God, the God of Israel, who only doeth wondrous things.” (Ps 72:18)

Mondays

Acorn House is our 16-bed first-stage rehabilitation centre for homeless men, recovering from alcohol and drug addiction. Each year men return to society to live fulfilled lives as a result of time spent with us. **Please pray** that by God’s mercy and grace we would see continued success in the work of the house. Particularly remember those who struggle and are unable at this time to accept the God-given gift of sobriety.

Tuesdays

Shoreditch Community Centre, our street “Drop-In” service. We **thank God** that both our open and specialised sessions continue to work well. **Please pray** for the development of our services and for the funding needed to continue this part of our work. Survival and health are serious issues for our clients during the winter months. Please pray that everyone who needs these services can access them.

Wednesdays

Downham Lodge and **Bridge House** are our next-stage houses for those in addiction recovery. Please pray for residents as they take responsibility in all areas of their lives: family reconciliation, on-going sobriety and, where possible, training and job opportunities. Some are now in full or part-time employment. We **praise God** for the way in which these men support one another and learn to deal with the frustrations of daily life. We urgently **need God** to grant us **houses and funding** to enable us to provide enough accommodation for this work.

Thursdays

New Hanbury Project provides “whole person” life skills, training and education for people recovering from alcohol/drug addictions or homelessness. We **thank God** for our **new premises** and for the developments in the work done at this project. This work is crucial for our students: without meaningful occupation and hope for the future, rehabilitation and change can be limited and sometimes unachievable by this client group. **Please pray for continued growth in student referrals and funding.**

Fridays

Charity Shops and Fundraising – our work would suffer without our five shops and our office-based team of fundraisers. We **thank God** for the hard-working staff and the many people who give us donations. **Please pray** as we seek to further develop this side of our work: our funding and community needs are far greater than we can presently meet.

Saturdays

YourTime Praise the Lord for this new social enterprise project, which is partly run by Service Users, and is increasing the confidence and skills of everyone taking part in it. **Please pray** that everyone will keep growing in confidence, commitment and skills. Please also pray that YourTime flourishes as a commercial business.

Evening Recovery Groups We now have 3 evening groups using our New Hanbury Centre. Evenings can be a difficult and isolating time for people in recovery. **Please thank God** for these groups and **pray** for their growth and stability, asking the Lord to use them to heal group members and equip them to continue in their **ongoing recovery.**

Sundays

Please pray for all **staff** and **volunteers**: that we would keep Christ at the centre of our lives and that this would be seen in all we do – that we would deliver a thoroughly professional as well as a thoroughly Christian ministry.

Thank you for supporting us in prayer!
